Our **Team**

Rob Hunter and the R Hunter Wealth Management Group (RHWMG) have been the chosen financial advisor of Canadian families, affluent individuals and growing businesses for over 30 years, working with one generation to the next. While life provides each of us with a variety of challenges, Rob's unique set of disciplines and prudent advice is informed by decades of experience. He delivers clients the counsel necessary to grow and protect their wealth - always providing candid dialogue in the face of uncertainty and working with each individual to ensure their unique goals are achieved.

R Hunter Wealth Management's reputation is not only built on performance and results, but also on a commitment to social issues - honoring the integral values which have also empowered clients to continue moving forward. Rob's practice is set apart from the rest through continuous innovation and thought leadership, providing access to wealth generating ideas, income enhancement, unique investment strategies and risk-adjusted solutions for each client's situation.

Rob's investment approach combines fundamental and technical analysis to qualify potential investment opportunities, paired with advice on tax advantages now, as well as estate planning and preservation in mind for the future; through the use of an alternative investment class. Over the decades Rob has produced opportunities to enhance income and downside protection (hedging against risk), and has created a market-driven exit discipline through an actively managed covered writing strategy, utilizing options contracts.

> **"Money itself, is a meaningless commodity – merely a means to an end. What is most important, is what your money means to you and your goals for it."**

Rob and the team welcome the opportunity to speak with you so please do not hesitate to contact us directly. Rob is dually licensed in the securities and insurance industries.

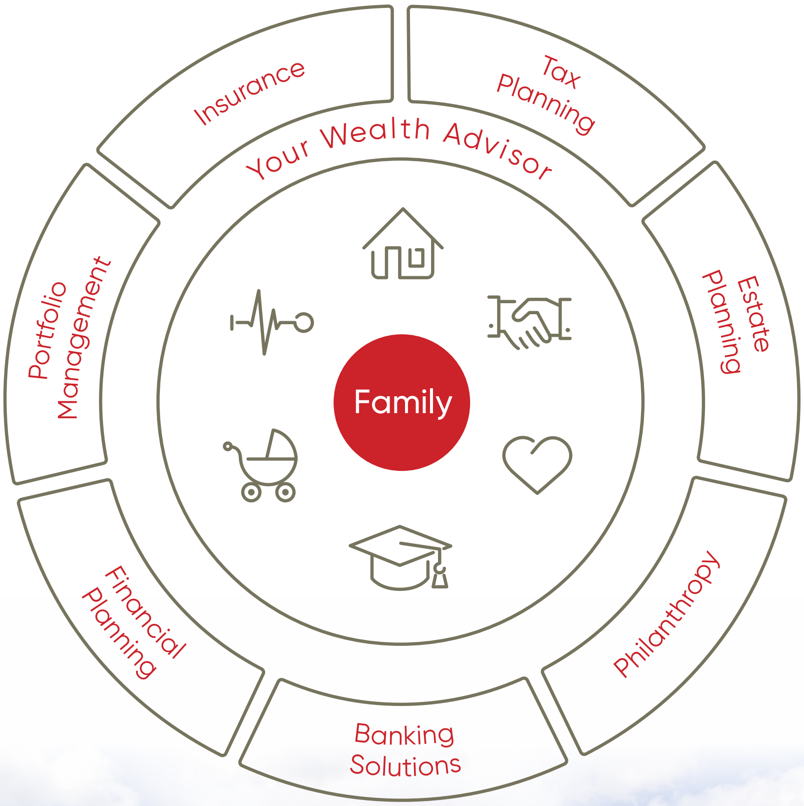
We Deliver Value

Our services are strategically priced below the industry average for Canadian equity mutual funds managed by banks, which generally levy management fees of 2.50%, non-deductible for tax purposes. In contrast, our fees are fully deductible in non-registered accounts. Our seasoned team brings to the table a wealth of expertise, years of experience, and a comprehensive range of specialized services, all at a more economical rate than the typical Canadian equity mutual fund. Fee based advisory accounts are more aligned with our total wealth management offering. We extend advice that transcends the basic buy/sell stock transactions, providing unwavering guidance in all market conditions, a professional approach, and effortless coordination with other professionals. RHWMG is dedicated to delivering wealth management services that encompass Estate Planning, Retirement Planning, Portfolio Management, Charitable Gifting Strategies, Client Education, Workshops, Special Events, and Preferred Banking Solutions.



Financial Planners are authorized to act in the field of Financial Planning. They exercise their duties for National Bank Financial Inc., a financial planning firm.
We work closely with the Taxation, Retirement and Estate Planning Team from National Bank Trust, made up of multidisciplinary experts who provide knowledge and advice that complement our service offering. These experts assist us in providing the best solutions for your personal finances related to taxation, retirement and estate planning.
Insurance products and services are provided by National Bank Insurance Firm (NBIF) or by NBF Financial Services (NBFFS), as applicable. NBIF and NBFFS are not members of Canadian Investor Protection Fund (CIPF). Insurance products are not protected by CIPF.
